**Subject: Correction - Requests to Change Provisional Hearings Schedule**

I wish to make a correction to my memorandum from 16 September 2014.

Earthworks rules and associated objectives and policies are contained together in Hearing Topic 041 and are intended to be the subject of expert conferencing followed by mediation. Due to the confusion caused by the 16 September 2014 memo and the opportunity to time the earthworks hearing schedule alongside related overlay hearings the IHP provisional schedule will be updated early next week. It is anticipated that the pre-hearing for Hearing Topic 041 Earthworks and minerals will now be in early January 2015.
